

CANNON PARK PRIMARY SCHOOL

NEWSLETTER

Issue Number 9 – Monday 30th November 2020

Dear Parents/Carers,

I hope you are all safe and well.

End of Term

Today, you will receive a letter informing you of the activities and events that are going to take place in school over the last two weeks of term. All the staff have worked hard to ensure the children have a fun time and have the opportunity to celebrate their achievements from this term.

Poppy Appeal

The school raised £376.00 for the Poppy Appeal so a big thank you for your support in raising money for such a good cause. Well done!

Tier 3 announcement

After the governments announcement that Coventry will be in Tier 3 restrictions from December 2nd, can we remind families that schools remain open.

Christmas cards

As December starts next week so does the tradition of sharing Christmas cards. To limit mixing can we ask the following:

- Christmas cards to be written for children within the same classroom/bubbles only.
- All Christmas cards to be sent in on a Friday only —we will then share them with the children following a quarantine period.
- Class lists can not be sent out.
- Families can send just one card for the whole class and donate to charity if they choose to do so.

Many thanks

Illness in school

Can we remind parents that any child who has any symptoms related to COVID must not be sent into school. These symptoms include:

- High temperature
- a new, continuous cough
- Loss of taste/smell

To reiterate—If we do have children experiencing these symptoms in school, we will contact families ASAP. Children will be asked to be collected from school. Families will also be advised to book a COVID test and share the results of this with the school.

COVID Testing

If your child shows any symptoms linked to COVID19 we will ask that you take them for a COVID test. Until you have a test outcome the government recommends that the family should isolate. This means that siblings of symptomatic children who have undergone testing should not be in school. If a negative result is returned, then the children can return to school. We ask that families communicate test results with the school ASAP so that we can support the individual and the whole school community.

Weekly Reminders

Parents/carers remember to social distance from one another when you are on the school site.
Please wear a face mask whilst on the school site.

Use the one-way system to walk to each area of the playground, please do not walk across different year group areas of the playground. For example, if your child is in year 1/2 **do not** walk across the designated area for years 5/6, use the one-way path.

Parent/carers must keep walking and not stop on the one-way system. If you want to attend to your child by giving them their bag and water bottle, please, step to the side of the one-way path and use the designated playground.

Children **must** stay with the adult who drops and picks them up. Children must not run anywhere on the school site or run under the barriers.

Adults and children must stay on the designated playground allocated for their child's/children's year group.
If you need to go from one playground to the other, then walk around the back of the playgrounds not against the one-way system.

Thank you as always for your continued support and understanding, it is much appreciated.

Yours sincerely,

V. MacDonald
